

REGISTRATION INFORMATION

Registration for the Workshop on Binaries is now open. Please click on the registration link on the web site at

<http://www.swri.org/9what/events/confer/Binaries/register.htm>

IMPORTANT POINTS:

- Registration is due **July 18** – please submit on or before this date
- Registration costs will increase for all attendees **by \$100 after July 31** (including students)
- No refunds of registration or banquet fees for cancellation after August 9
- 50% refunds of registration or banquet fees for cancellation after July 31

Due to a number of requests that we avoid including meals within the registration costs, we have decided to leave breakfast and lunch entirely up to the choice of the attendee. These meals can be taken at the hotel, if desired, on an individual basis for approximately \$13-18 + tax and tip. Participants may also visit one of the many restaurants in the area. We will start late enough in the morning so that participants may get a morning meal and we will leave plenty of time for lunch. We will compile a list of restaurants within walking distance of the hotel. In addition, a free shuttle runs continuously to/from downtown Steamboat Springs (about 2-3 miles), where many additional restaurants can be found.

The registration costs will now cover only the facility and support staff, plus a light reception on Monday, August 20 plus snacks and coffee during the meeting. Unlike some other meetings, we do not have the benefit of sponsorship by large aerospace corporations. Southwest Research Institute is sponsoring a small portion of the meeting costs, but we are largely operating on our own budget.

We are offering a limited number of discount registration slots to students. These are only available for current students (not recent Ph.D.s). Student status must be requested separately and approved to qualify. Please send requests to the meeting email address:

binary-mtg@boulder.swri.edu

The registration fees are:

- Regular Participant \$290
- Student Participant \$200
- Non-scientist Guest (allows participation in reception and snacks/coffee during meeting) \$100
