WELCOME TO NSRC-2013

The Year Spaceflights Begin

**One-day and Onsite Registration Begins June 2!
Welcoming Words by Congressman Jared Polis!**

Welcome to the 2013 Next-Generation Suborbital Researchers Conference (NSRC), the premier conference for researchers and educators interested in commercial suborbital reusable vehicles. This year, the conference will be held at the Omni Interlocken Resort in Broomfield, Colorado, just outside Boulder. Among other things, NSRC-2013 will provide in-depth NASA, FAA, and flight provider briefings and extensive networking opportunities for researchers and educators wishing to use next-gen suborbital.

NSRC-2013 PRESS RELEASES!

- Silicon Valley Space Center
[Earth's First private space program with launch to space at \\$4995](#)
- Center of Excellence for Commercial Space Transportation
[Report of Year Two Operations](#)
